## THE BEST ADVERTISING MEDIUM IS THE CITY DIRECTORY

Because it is Used the Most to Find Just Such Information You Most Wish to Have the Public Know

FIRST— What line of goods you handle. SECOND— Where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than the City Directory?

RUTLAND OFFICE:—Mead Building, W. R. Williams, Asst. Supt.

Do you want to **LARGELY** increase your estate at death for a relatively **SMALL** outlay. Then insure in **THE PRUDENTIAL**.

Do you want an insurance policy in which **EVERY** promise, privilege and provision is **DEFINITEY** STATED.

You can get it from the **PRUDENTIAL**.

**ABSOLUTE CERTAINTY**

— “NOIFS”

When you go away for a trip of a week or a month, do you not always leave ample provision for those at home during your absence? What in the event of your being called away on that longer journey—what then of **THEM**?

Will the little ones romp home from school some day to learn that their play days are over almost before they have begun?

Will your widow—educated to an income—be compelled to face a cold, unsympathetic world, the pawn of necessity—a world in which even the strong often fail as breadwinners?

Will the cosy home you have maintained be forever closed to them? Or—

Will they be shielded from strife, misery, and deprivation by the fruits of your frugality and forethought—a regular income provided by a

## Prudential Monthly Income Policy

“INSURANCE THAT INSURES YOUR INSURANCE”

Your greatest obligation to your dependents is fulfilled when you take out one of these dividend-paying policies. It yields a rent-paying, debt-settling check on the first day of each and every month as long as they live. Or you may so arrange it that for twenty years or during your lifetime you may get these monthly income checks yourself. And by leaving this fixed income—an income guaranteed by Prudential millions—to be paid monthly, you are protecting your beneficiaries against the pitfalls of unwise speculation and investment, of generous impulse-lending, that often follow the receipt of “payment in full.”

An insured man today means a secured family tomorrow. And what a sense of comfort and relief comes to the man who knows—no matter what may happen—

“THEY WILL BE WELL PROVIDED FOR!”

### “MY COMPANY”

—the proud statement of every Prudential policyholder—the far-reaching effect of **MUTUALIZATION**, whereby policyholders are owners of this Company and entitled to draw dividends; the result of a vote by the stockholders of the Company, giving the directors authority to purchase controlling stock, **AND TURN IT OVER TO THE POLICYHOLDERS.**

For the dollars and cents of these policyholders had developed a Company having its beginning in a basement office in 1875 to a point, where in 1915, its policies numbered over 13 Millions, and the amount of insurance in force was more than 2 Billion 700 Million Dollars!

**THUS PRUDENTIAL POLICYHOLDERS HAVE ACQUIRED CONTROL OF THE COMPANY, AND BEGINNING THIS YEAR, WILL RECEIVE THEIR PROPORTION OF THE COMPANY'S EARNINGS.**

**THE PRUDENTIAL** has not only the strength of Gibraltar, but just the Policy you need. Investigate, write, telephone or call. Our agents are at your service to explain and write you for a satisfactory policy.

## Distributors HUDSON SUPER-SIX

Patented by Hudson, December 28, 1915. Patent No. 1165861

*A Small, Light Motor—Yields  
76 Horsepower*

### *All Other Cars Outrivaed*

At Sheepshead Bay, under A. A. A. supervision, a 7-passenger Super-Six stock car excelled all former stock cars in these tests.

100 miles in 80 min., 21.4 sec., averaging 74.67 miles per hour, with driver and passenger.

75.69 miles in one hour with driver and passenger.

Standing start to 50 miles an hour in 16.2 sec.

During these tests the car was driven 1350 miles at top capacity, at speed exceeding 70 miles an hour, without discoverable wear on any part.

**M**OTORS of the Super-Six size have heretofore delivered about 42 horsepower.

The Super-Six delivers 76 horsepower.

That means an increase of 80 per cent, all due to wiping out vibration which caused friction.

The result is vast reserve power, in a light economical motor.

On hills and hard roads, or in quick response, the Super-Six performance will amaze you. No stock car ever built has matched the Super-Six.

With such reserve power, the Super-Six motor is rarely run at more than half load. This means great economy. The lack of friction eliminates wear, thus doubling the motor's endurance.

The utter smoothness gives such bird-like motion that the car seems to move by magic.

Remember that the Super-Six is patented. It is an exclusive Hudson feature. But come and judge for yourself.
